

# **NITRD Program Budget Analysis**

## **2006 and 2007 Budget Overview**

The following NITRD Program budget analysis by agency summarizes 2006 estimates and 2007 requests for each NITRD agency and provides explanations of significant requested funding and 2006 estimated spending or changes between 2006 estimated spending and 2007 requests.

*Comparison of 2006 request (\$803 million) and 2006 estimate (\$810 million):* The increase in HEC I&A is due largely to pooling 2005 and 2006 funding to increase the size of a 54.med HEC system acquisition. Some HEC grants. HEC funding for work related to the collection and management of large datasets resulting from HEC applicaanagermeac
